Revisions

State Activities and Emphasis13

Fourth bullet:

Delete “(T-T-T)

State Activities and Emphasis (continued)14

First bullet under CERT Program Priorities for GO SERV:

Delete “*Train-the-Trainer (T-T-T)*” and add “*instructor trainer*”

Examples of Eligible Activities.....19

Paragraph 2:

Delete “*exercise expenses*” from paragraph 2 on page 19. Exercises of any kind or size are not allowed under either the Citizen Corps or CERT grants. The reference is to the Disaster Simulation module of FEMA’s CERT course. This Disaster Simulation module is not considered an exercise for the purposes of this grant.

Paragraph 3:

Add as sentence 4:

County Operational Area grantees may not expend more than 5% of the grant funds on indirect/administrative costs. This 5% maximum applies to the entire grant amount regardless of whether the funds are fully distributed to subgrantees of an Operational Area grantee or retained by the Operational Area grantee.

Unauthorized Expenditures.....22

Clarification:

Operational training of first responders – CERT training is not considered “operational training” of first responders (i.e., police, sheriff, fire, EMS). First responders are encouraged to become CERT instructors by participating in CERT T-T-T training.

Period of Availability.....29

Delete “*This guide was released prior to FEMA Headquarters’ approval.*”
